FEDERAL

**IMPACT:** State.

**Summary of Legislation:** (Amended) The bill urges the Legislative Council to assign a summer study committee to study topics related to the practice of polysomnography.

**Effective Date:** July 1, 2013.

**Explanation of State Expenditures:** (Revised) The bill would urge the Legislative Council to either assign the study of the practice of polysomnography to an existing interim study committee or establish a new interim study committee to study the issue. If the Legislative Council decided to establish a separate interim study committee to study polysomnographic technologists issues, state expenditures would increase. The amount of expenditure increase would depend on the number of members that the Legislative Council decided to appoint by resolution. The most recent Legislative Council resolution (12-02) set budgets at \$9,500 per interim committee. However, an interim committee that had a membership of 16 or more members was allocated \$16,500.

Any impact to state expenditures would depend on future Legislative Council action.
